## Discerning the Work of the Holy Spirit in and through the Church

A growing interest in the work of the Holy Spirit is evident in our time. We see this not only in the growing worldwide Pentecostal and charismatic movements, but in many churches Christians are longing for spiritual renewal and the fulfilment of their mission and ministry in the power of the Holy Spirit.

The biennial FEET conference will deal with these themes from a theological perspective. It will discuss the dialogue between the Pentecostal and charismatic movements and traditional churches, and provide a biblical perspective on the work of the Holy Spirit, on worship, on the spiritual gifts and on spirituality in Christian ministry.

FEET warmly invites theologians from all over Europe to this discussion at its 2020 conference which will be held in a very suitable place: Prague, in the centre of Europe. You are most welcome.

## Welcome to FEET 2020 in Prague!

### Fellowship of European Evangelical Theologians

The *Fellowship of European Evangelical Theologians* is a network of theological scholars that seeks to combine the highest academic standards with a commitment to the authority of Scripture and to orthodox, biblical theology.

FEET seeks to encourage individual scholars and institutions that see biblical and theological scholarship as their calling. The primary activity of FEET is to organise a biennial international conference on a specific theological theme of contemporary significance.

The work of FEET has led to the establishment of several national organisations such as the *Association Francophone Européenne de Théologiens Évangéliques* in France, the *Arbeitskreis für evangelikale Theologie* in Germany, the *Arbeitskreis für biblisch-erneuerte Theologie* in Switzerland, and the *Fellowship of Evangelical Theologians* in the Czech Republic.

FEET is closely associated with the *European Journal of Theology*, a scholarly and professional journal carrying articles in English, French and German.

**Fellowship of Evangelical Theologians in the Czech Republic (SET)**  
SET is a civic association registered by the Ministry of the Interior in the Czech Republic. The aim of the association is to promote the development of evangelical theology with its emphasis on the authority of the Bible as the Word of God and the central position of Christ's Gospel as a promising message to the world. SET was founded in 1998 at the initiative of teachers of the Evangelical Theological Seminary Prague. It publishes *Theologia vitae* (ThV), organizes theological forums, and members are grouped together in working groups.

**European Evangelical Alliance** [www.europeanea.org](http://www.europeanea.org)

The EEA exists to foster unity and evangelical identity and provide a voice and platform to evangelical Christians. It brings together both the national Evangelical Alliances of Europe and a large number of pan-European mission agencies. It has existed as a regional group since the 1950s, but traces its roots to the 1846 conference at which the World Evangelical Alliance (WEA) was established.
